- 5 The inside of the refrigerator has been through a lot, including spills and being occasionally exposed to over-ripened produce. To get the shelves and interior glistening, use Mr. Clean Concentrated Multi-Surface Cleaner.
- 6 Keep your kitchen counters and islands looking shiny and untouched with Mr. Clean Concentrated Multi-Surface Cleaner.

BATH

- 7 Use Mr. Clean Magic Eraser Extra Power on the shower door to help remove hard water stains, cloudy build-up and soap scum; it will save you several hundred dollars versus replacing!
- 8 If your bathroom counter doubles as your makeup box, you're familiar with the residue that can come from powder and hair spray. Make sure your countertop shines with Mr. Clean Concentrated Multi-Surface Cleaner (even on the floors and walls).
- 9 Buyers and sellers alike can see the value in a new bath tub. Use the Mr. Clean Magic Eraser Extra Power to clean the dirt, soap scum ring and discoloration that has built up and you'll fool people into thinking you had it replaced.
